Francisco Laguna, 2 3-A. 28053 Madrid – Spain.
+34 629.247.034.

Objective

To support societal projects I believe in by using my computing background.

Education

Sciences Specialized High School Diploma

U.E. Colegio "Santa Rosa". Valencia, Venezuela. 1999 – 2004.

High School studies focused on mathematics, physics, chemistry, geography, Spanish language and foreign language (English). I obtained a first-class grade.

I represented the school during several environment-related events and played an important role in its certification to the ISO-14001 environmental management standard.

Computer Engineering

Universidad Politécnica de Madrid. Madrid, Spain. 2006 —.

Studies focused on software design and hardware-software integration.

Experience

PHP Documentation

Spanish translator. 2004.

I joined the PHP Spanish Translation Team to help the Spanish-speaking technical community into computing. I expanded my PHP knowledge and learned usage of CVS and DocBook.

Easy2Win.net

Web developer, Webmaster and Spanish translator. 2005.

I created Easy2Win.net, a simple online gambling website, powered by e-gold and now sold. I developed this bilingual, successful website with PHP and use the *e-gold Automation Interface*.

GetGNULinux.org

Spanish translator and webmaster. September 2006 —.

I played a major role in translating the GetGNULinux.org site into Spanish, and shared the technical management of the site and its growing number of translations.

GNU/Linux Matters

Co-founder and General Secretary. Toulouse, France. December 2006 —.

	<p>My growing involvement in the GetGNU/Linux.org project led me to co-found <i>GNU/Linux Matters</i>, a non-profit organization.</p> <p>There was a lack of advocacy for free software aimed at everyday computer users, and <i>GNU/Linux Matters</i> is aimed at correcting this, by sponsoring awareness campaigns aimed at the average computer user.</p> <p>I play a major role part in deciding of long-term strategy, project management, public relations and server administration.</p>
<p>Skills</p>	<p>Languages</p> <ul style="list-style-type: none"> ● Spanish: Native language. ● English: Written: very good; Oral: conversation and working knowledge. ● Ido: I am learning Ido because I believe an artificial language is a must-have in truly multicultural societies and Ido is the best one from my viewpoint. ● French: Basic notions. <p>Computing</p> <ul style="list-style-type: none"> ● Programming languages: PHP (with a good command of the Zend Framework), Ada and Python. ● Databases: MySQL. ● Web design: HTML, XHTML, CSS and web accessibility. ● Revision control: CVS and Subversion. ● GNU/Linux administration. ● Good command of OpenOffice.org <p>Supporter of Freedom in computing; Team spirit; Ability to adapt to multicultural environments, gained though my work on international free software projects and my traveling experience.</p>
<p>Interests</p>	<p>Free culture and cosmopolitanism.</p>
<p>Hobbies</p>	<p>Traveling, horse riding, listening to music, blogging, among others.</p>
<p>Memberships</p>	<p>Free Software Foundation Associate Member. October 2006 —.</p> <p>UNICEF (Spanish chapter) Associate Member. June 2007 —.</p>
